DATA DYNAMO

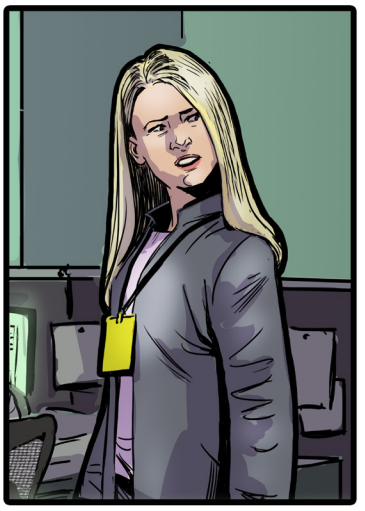

in

Data Unchained!

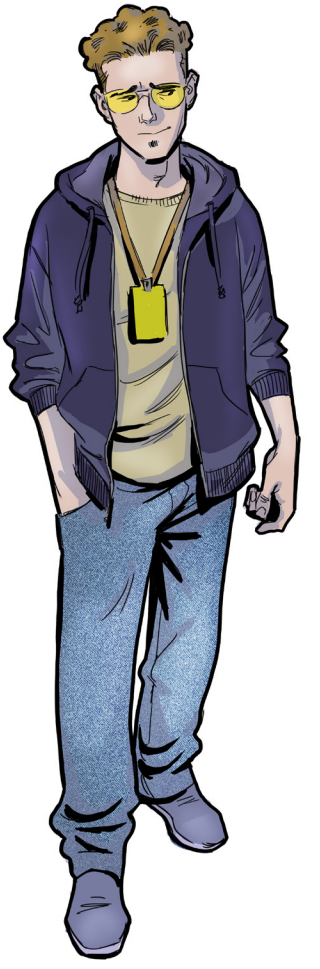

VOL ONE

HAMMERSPACE

Molly: Dave's boss at Veratech. But is that all she is?

Dave: Frustrated IT guy who unwittingly will help change the future of how data is unified, accessed and used.

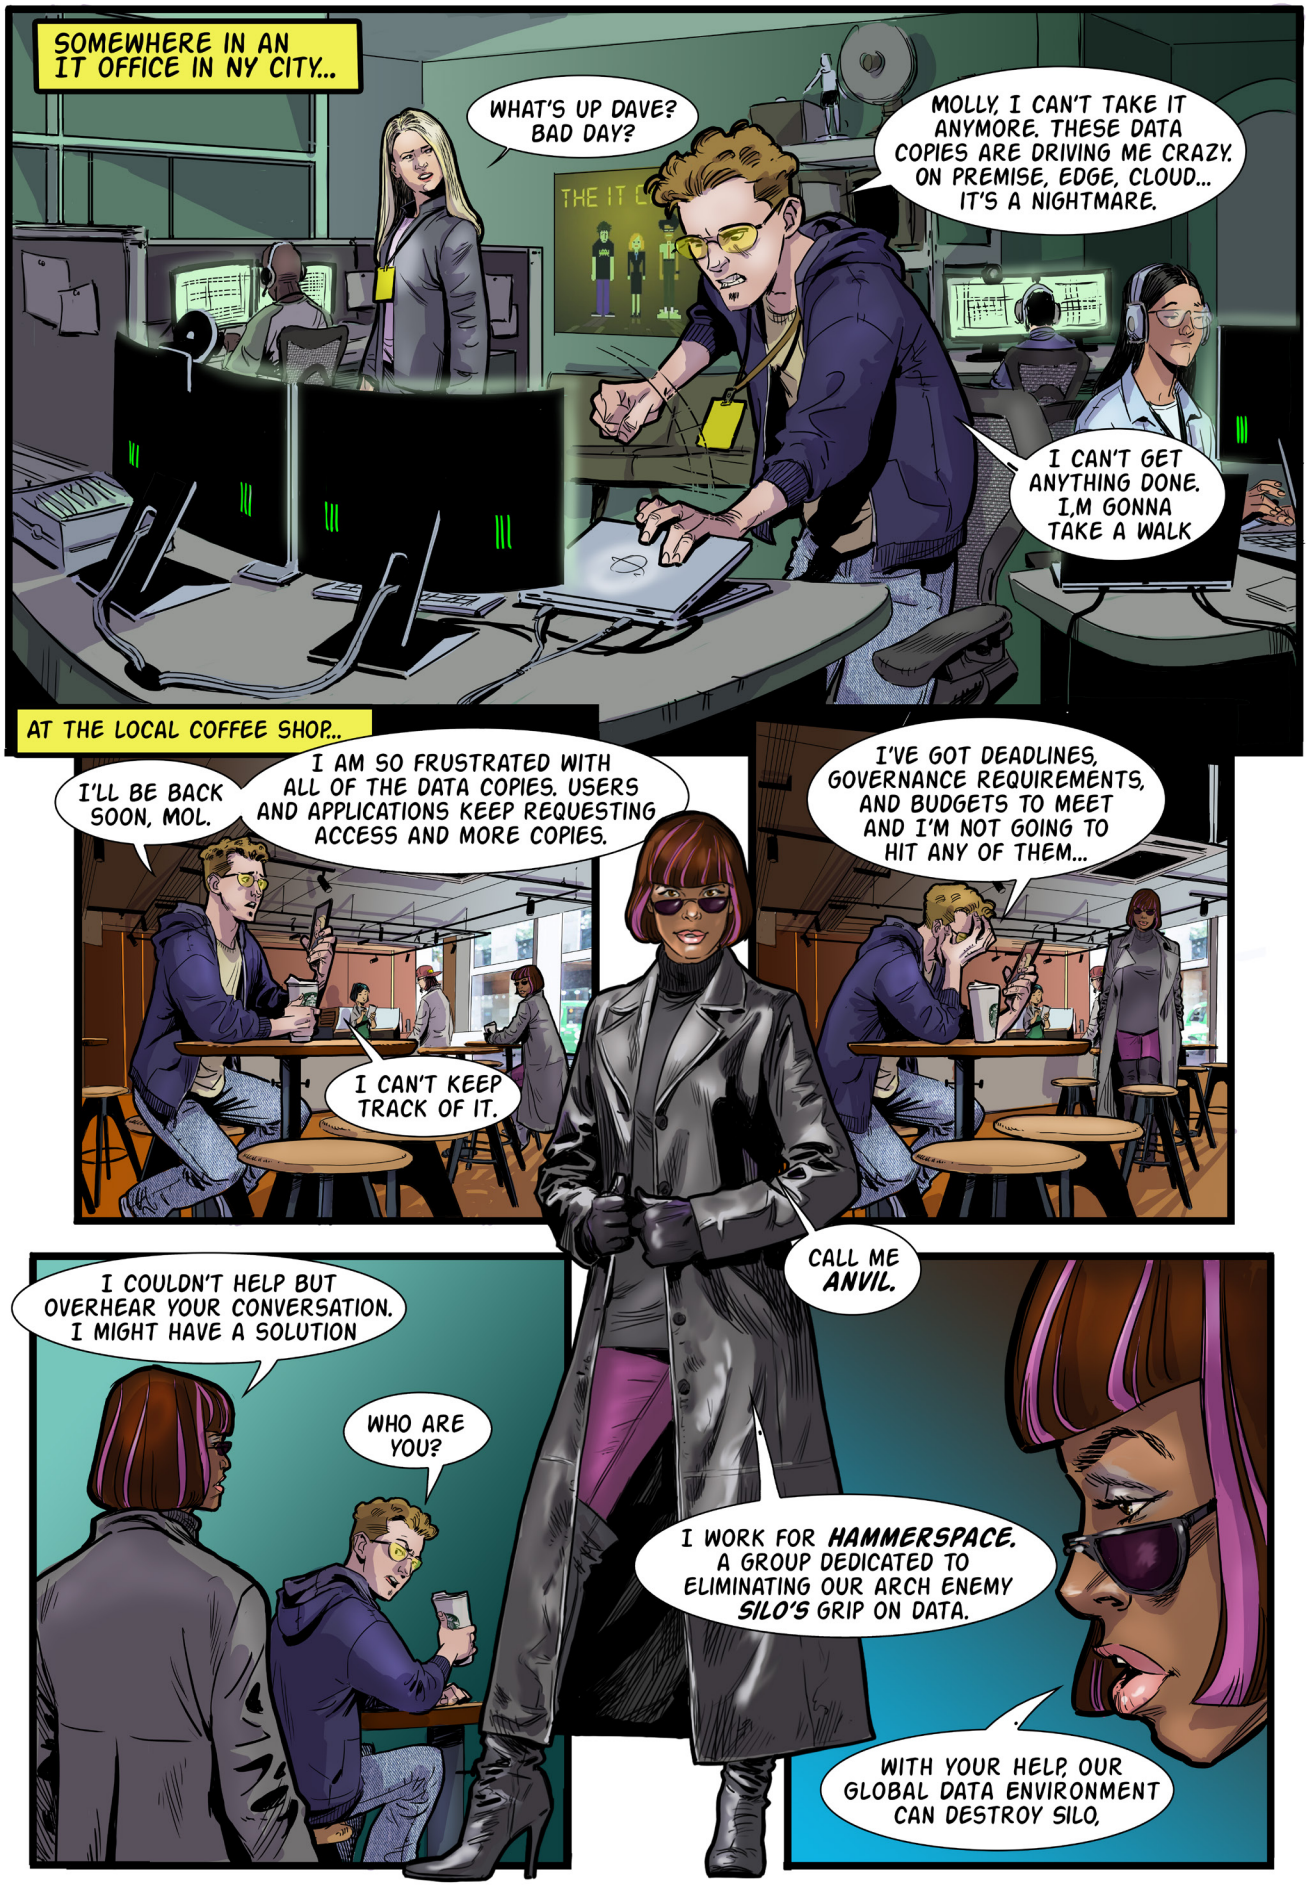

Dynamo: The story's super hero who travels through dimensional rifts that lie outside of the known physical reality of the universe to fight Silo, the evil villain who controls the world's data.

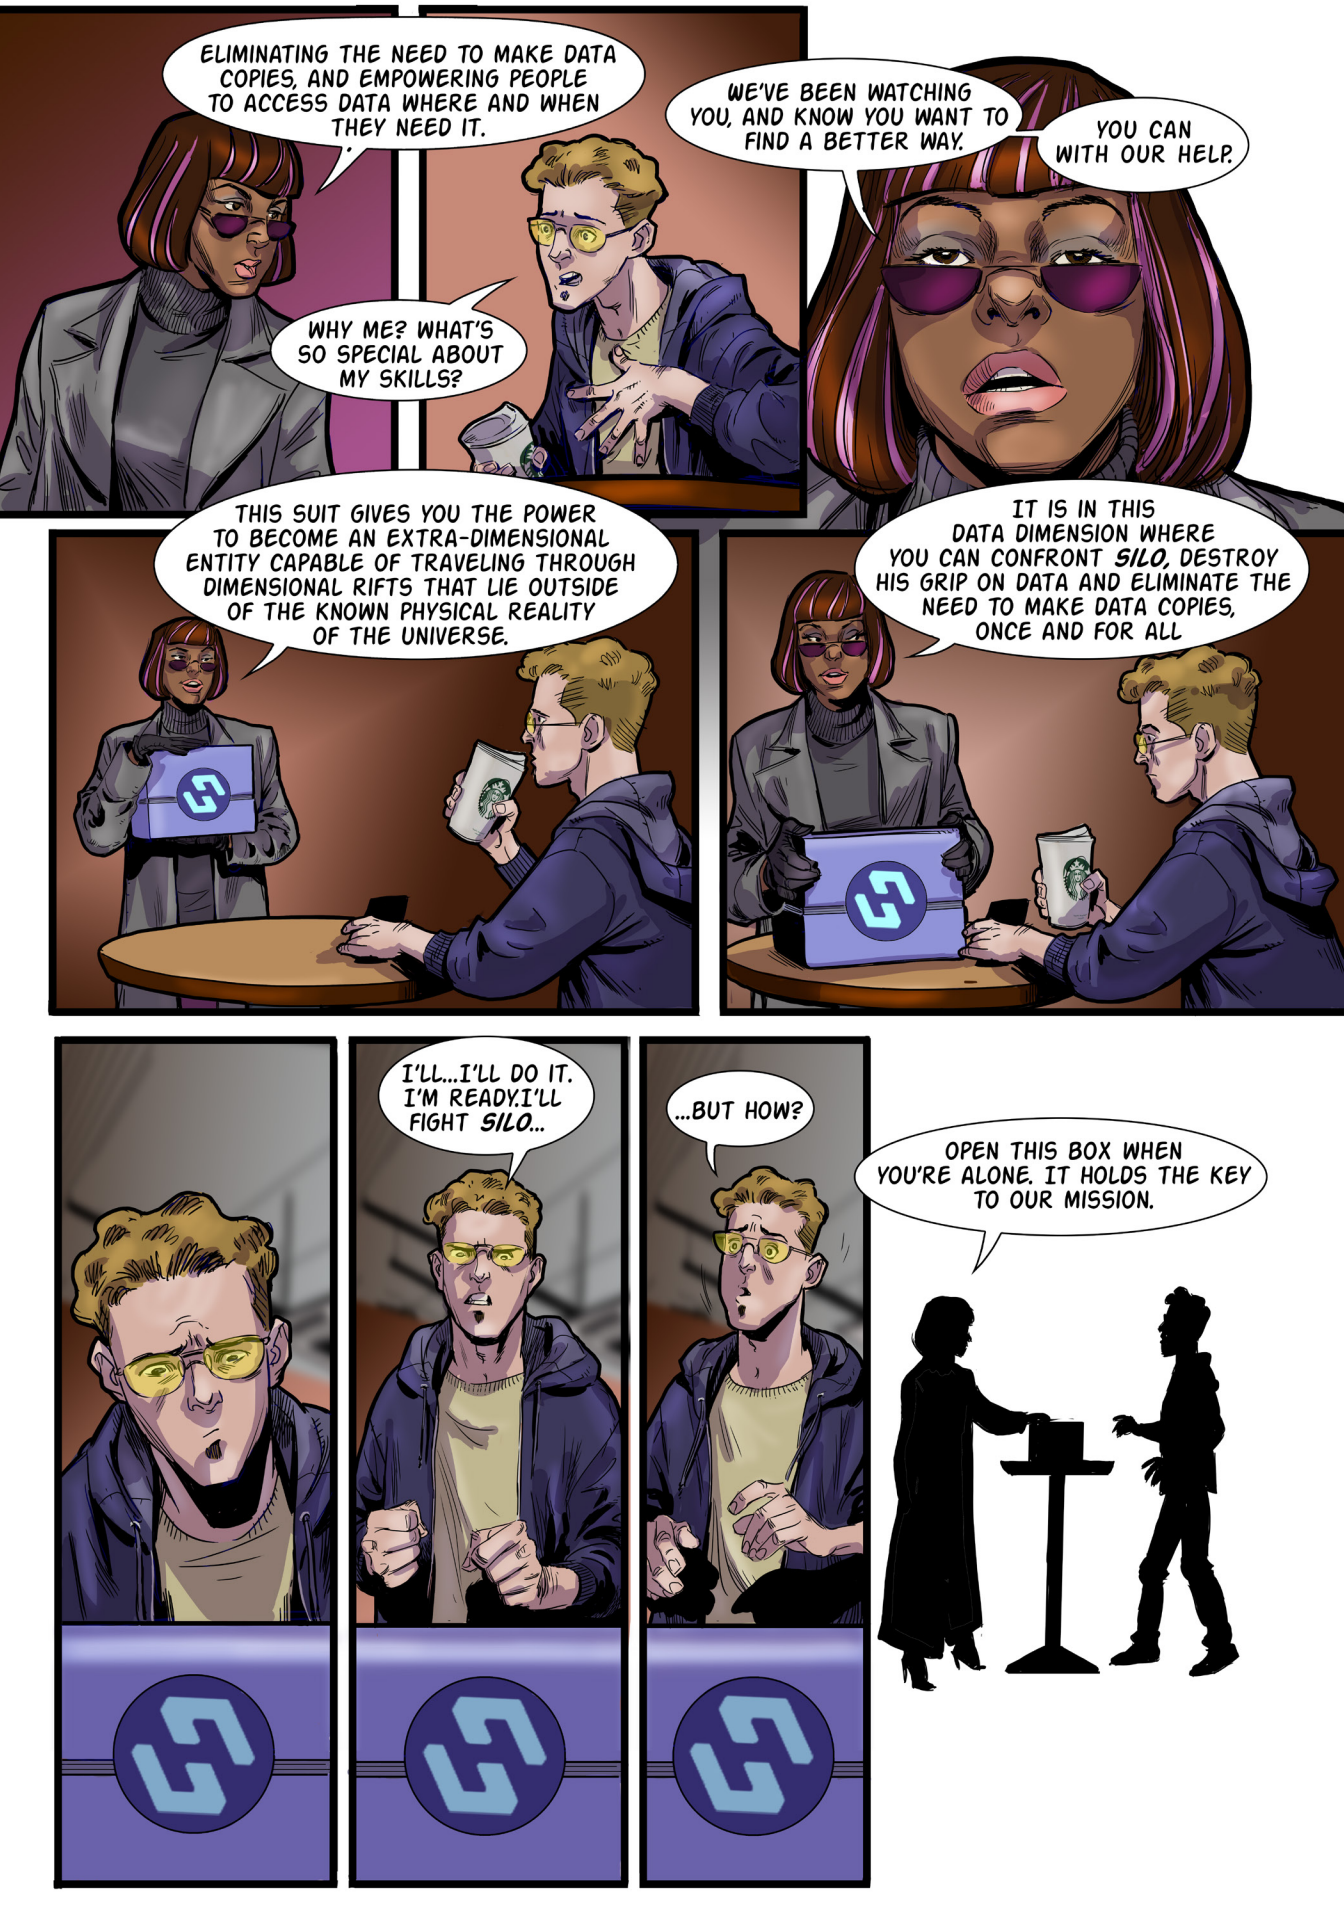

Anvil: A mysterious woman who lives in the shadows, quietly enforcing Hammerspace's mission to break Silo's grip on data.

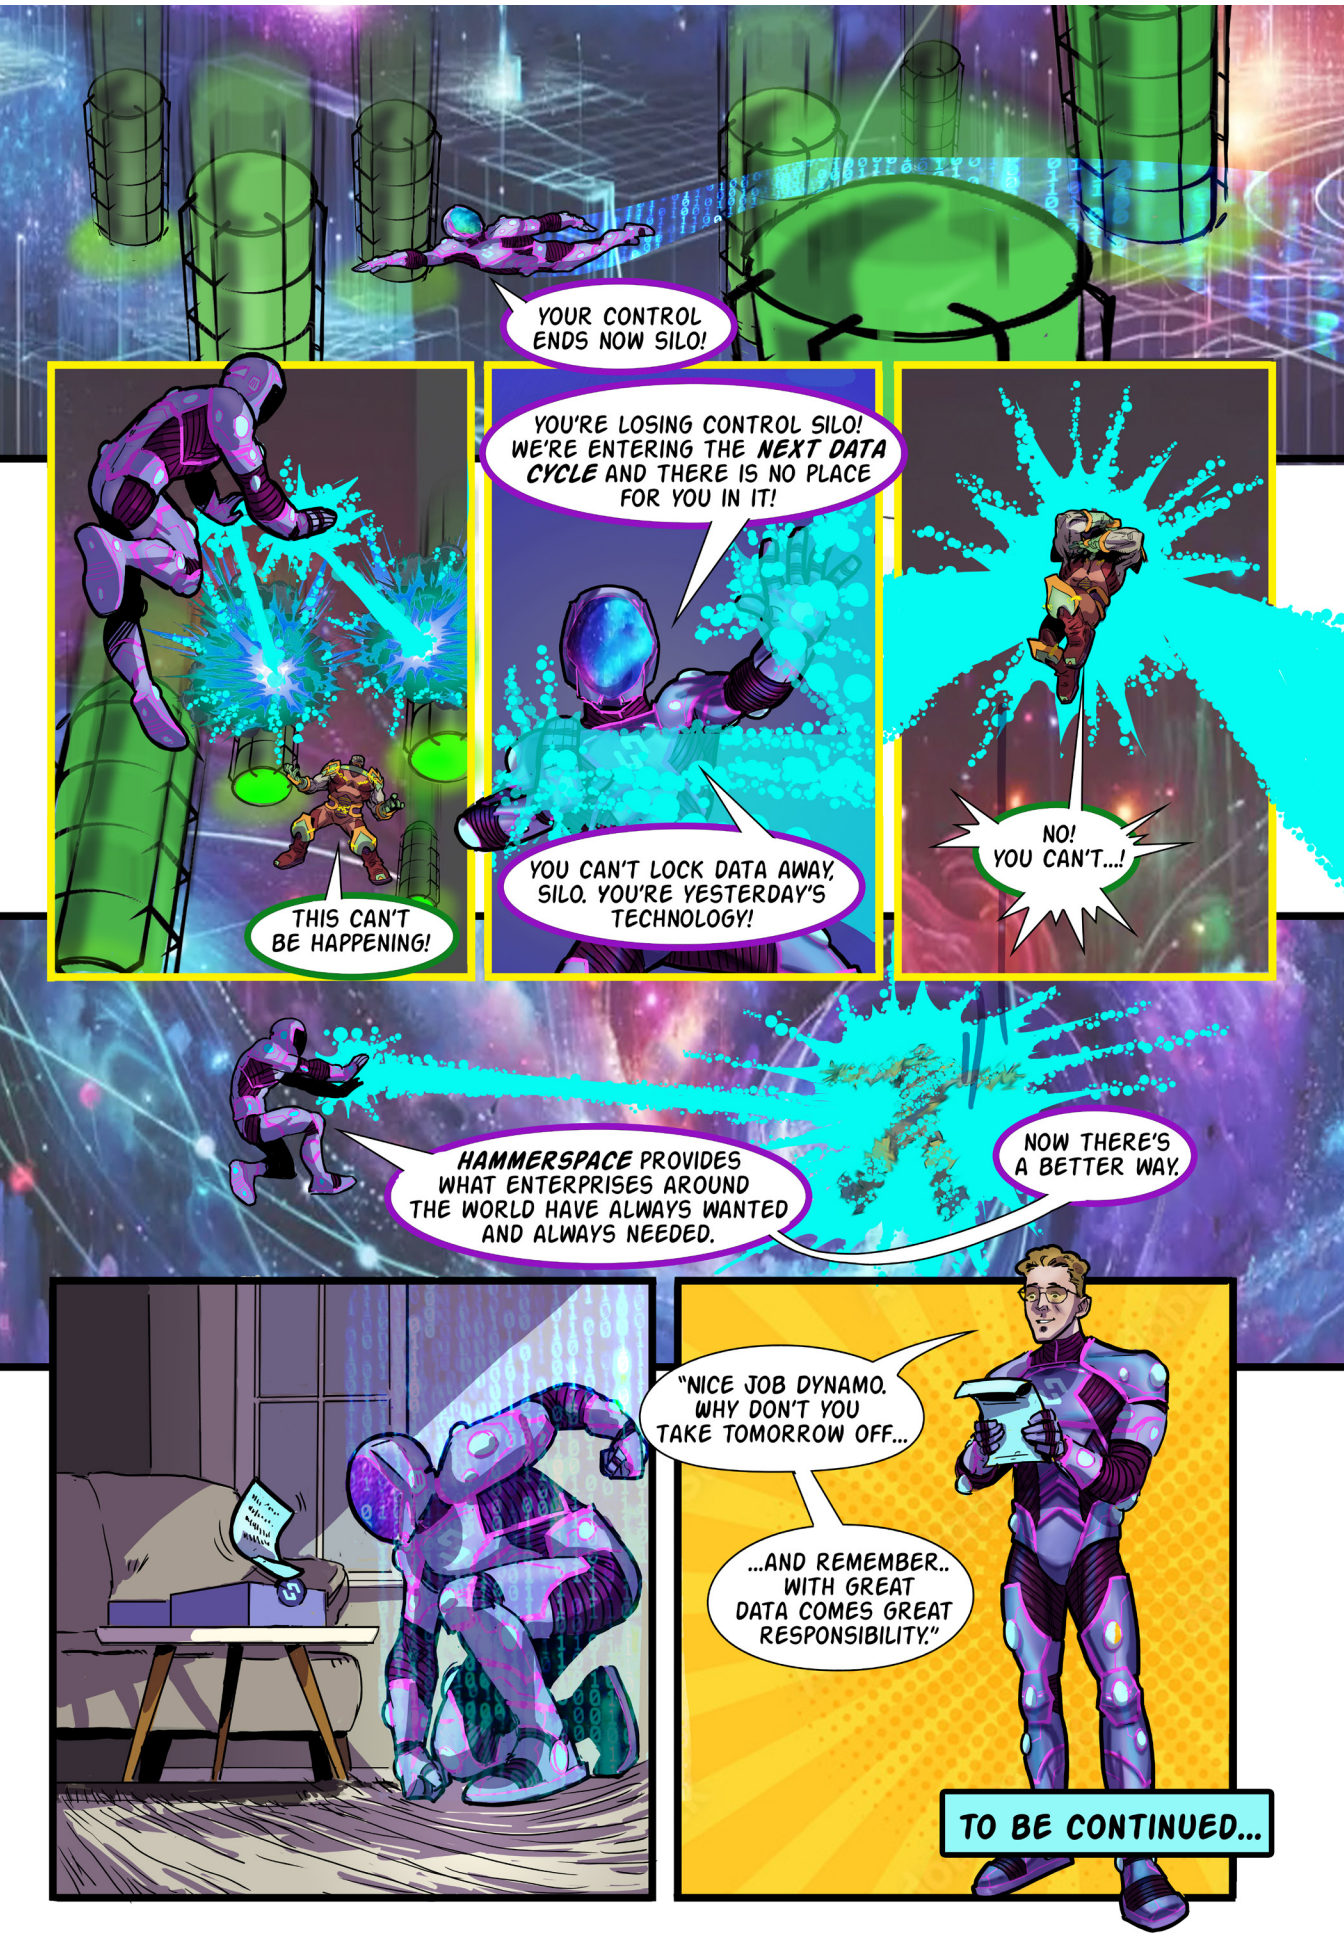

Silo: The story's villain who lives in the data dimension, a place where he keeps data locked forever in silos, forcing frustrated data users to make multiple data copies.

SOMEWHERE IN AN IT OFFICE IN NY CITY...
WHAT'S UP DAVE? BAD DAY?
MOLLY, I CAN'T TAKE IT ANYMORE. THESE DATA COPIES ARE DRIVING ME CRAZY. ON PREMISE, EDGE, CLOUD... IT'S A NIGHTMARE.
I CAN'T GET ANYTHING DONE. I,M GONNA TAKE A WALK
AT THE LOCAL COFFEE SHOP...
I'LL BE BACK SOON, MOL.
I AM SO FRUSTRATED WITH ALL OF THE DATA COPIES. USERS AND APPLICATIONS KEEP REQUESTING ACCESS AND MORE COPIES.
I CAN'T KEEP TRACK OF IT.
I'VE GOT DEADLINES, GOVERNANCE REQUIREMENTS, AND BUDGETS TO MEET AND I'M NOT GOING TO HIT ANY OF THEM...
I COULDN'T HELP BUT OVERHEAR YOUR CONVERSATION. I MIGHT HAVE A SOLUTION
WHO ARE YOU?
CALL ME ANVIL.
I WORK FOR HAMMERSPACE. A GROUP DEDICATED TO ELIMINATING OUR ARCH ENEMY SILO'S GRIP ON DATA.
WITH YOUR HELP, OUR GLOBAL DATA ENVIRONMENT CAN DESTROY SILO.

ELIMINATING THE NEED TO MAKE DATA COPIES, AND EMPOWERING PEOPLE TO ACCESS DATA WHERE AND WHEN THEY NEED IT.
WHY ME? WHAT'S SO SPECIAL ABOUT MY SKILLS?
WE'VE BEEN WATCHING YOU, AND KNOW YOU WANT TO FIND A BETTER WAY.
YOU CAN WITH OUR HELP.
THIS SUIT GIVES YOU THE POWER TO BECOME AN EXTRA-DIMENSIONAL ENTITY CAPABLE OF TRAVELING THROUGH DIMENSIONAL RIFTS THAT LIE OUTSIDE OF THE KNOWN PHYSICAL REALITY OF THE UNIVERSE.
IT IS IN THIS DATA DIMENSION WHERE YOU CAN CONFRONT SILO, DESTROY HIS GRIP ON DATA AND ELIMINATE THE NEED TO MAKE DATA COPIES, ONCE AND FOR ALL
I'LL...I'LL DO IT. I'M READY.I'LL FIGHT SILO...
...BUT HOW?
OPEN THIS BOX WHEN YOU'RE ALONE. IT HOLDS THE KEY TO OUR MISSION.

AND SO DAVE EMBRACES HIS ROLE AS *THE DATA DYNAMO*, READY TO DESTROY THE EVIL POWER OF *SILO* AND ELIMINATE THE TOXIC DATA COPIES HE HAS LONG CREATED AND CONTROLLED.
WHAT IN THE WORLD...?
LITTLE DOES DAVE KNOW HE'S ABOUT TO EMBARK ON A JOURNEY TO THE *DATA DIMENSION.*
SILO, YOUR DAYS OF CREATING DATA COPY CONFUSION AND LOCKING AWAY DATA ARE OVER!
WE'LL SEE ABOUT THAT!
YOU CAN'T KEEP INFORMATION IMPRISONED, SILO!
HAMMERSPACE'S GLOBAL DATA ENVIRONMENT IS TOO POWERFUL!
YOU CANNOT DEFEAT IT!
YOU MAY HAVE THE SUIT, BUT YOU CAN'T DEFEAT ME!
THE POWER OF *SILO* WILL LOCK YOU AWAY FOREVER!!

YOUR CONTROL ENDS NOW SILO!
THIS CAN'T BE HAPPENING!
YOU'RE LOSING CONTROL SILO! WE'RE ENTERING THE *NEXT DATA CYCLE* AND THERE IS NO PLACE FOR YOU IN IT!
YOU CAN'T LOCK DATA AWAY, SILO. YOU'RE YESTERDAY'S TECHNOLOGY!
NO! YOU CAN'T...!
HAMMERSPACE PROVIDES WHAT ENTERPRISES AROUND THE WORLD HAVE ALWAYS WANTED AND ALWAYS NEEDED.
NOW THERE'S A BETTER WAY.
"NICE JOB DYNAMO. WHY DON'T YOU TAKE TOMORROW OFF...
...AND REMEMBER.. WITH GREAT DATA COMES GREAT RESPONSIBILITY."
TO BE CONTINUED...

BE A DATA DYNAMO!

Designed and crafted by Frankly Built and James Levy (frankly_built and levy3d on Instagram) Dynamo's cybernetic helmet provides life support capabilities as well as the ability to see in ultraviolet wavelengths invisible to the human eye that are predominant in the data dimension.

Illustrator **Steven E Gordon** is best known for his work on work on the Ralph Bakshi-Frank Frazetta feature film **Fire and Ice** and as the animation director of **The Swan Princess**

He is also known for as the character designer on **X-Men: Evolution**

Working outside of animation, he illustrated children's books based on film with Marvel and DC comic characters for HarperCollins (and other publishers). He has also i8llustrated comics such as "The Eternal Savage"™ for ERB, Inc, "HeadHunter" for SitComics and the indie Graphic Novel "Mark of Death".

Fighting against the powers of an evil force named Silo, Anvil, the head of a secret group called Hammerspace, recruits the hidden talents of Dave, a frustrated IT employee at Veratech, a local tech company. Dave becomes Data Dynamo with the help of a powerful suit supplied by Anvil, that gives him the power to travel to the data dimension where he confronts Silo. The powerful hero must use his new skills to smash Silo's control over all of the world's data, and empower people to access data where and when they need it.

What is a Hammerspace?

Hammerspace is an imaginary extradimensional, instantly accessible storage area in fiction, which is used to explain how animated, comic, and game characters can produce objects out of thin air. Typically, when multiple items are available, the desired item is available on the first try or within a handful of tries.
